

17 Jun 2019

**MEMORANDUM**

From: (b) (6)

To: Dean of Admissions United States Naval Academy

SUBJ: ADMISSIONS FILE AUDIT

Ref: (a) Dean of Admissions Memorandum dated 29 May 2019

Encl: (1) Candidate checklists

1. **Summary.** In accordance with reference (a), (b) (6) and I completed an audit of Class of 2023 candidates that accepted offers as recruited athletes. A checklist was made based on reference (a) and was used on each candidate. Additionally a checklist was made for the hardcopy inventory of transcripts associated with each candidate. Enclosure (1) contains a full list of candidates considered including which candidates were audited, the working copy of the checklist list for each candidate, and the checklist used for the transcript inventory. A total of 176 of the 319 candidate records (i.e. 55%) that were recruited athletes were reviewed.

2. **Overall comments.** All tasks from reference (a) were accomplished. Overall admissions records were very well organized and easy to audit. The first task of ensuring record completeness is discussed in paragraph 3 below with specific areas broken out matching reference (a). The second task of validating recruiting through independent means was also easy to complete. Only 2 of the 176 candidates reviewed (less than 2%) had sports activities that were not readily validated through sources other than the candidate's own words, and even these 2 candidates had reasonable claims in their record that supported them being recruited athletes. The following comments are considered the most significant comments:

a. Candidate (b) (6) has a board comment "approved by Supt 2/25/19" followed by "must complete and pass Calculus course with a "C" or better". There is no indication of Calculus in any transcript as of 6/13/19. The last math course found is an A in MAT 170, Precalculus, from Arizona State University, for Fall 2018, transcript dated 12/21/2018.

b. Candidate (b) (6) has a MRSO that is difficult to verify. The MRSO for (b) (6) is listed as (b) (6) who states that he teaches the candidate for 12<sup>th</sup> grade math, precalculus, but the candidate does not list precalculus in his list of classes for 12<sup>th</sup> grade, and there is no 12<sup>th</sup> grade transcript in AIS or the candidate's hardcopy file. There is an OTHER document and AUDIT tag in the record where the candidate states that Mr. (b) (6) teaches him a "pre cal refreshment" because "that's what I asked to do by (b) (6) so I could go in direct" (b) (6) appears to be a reference to (b) (6). A 12<sup>th</sup> grade transcript would help validate the MRSO.

d. Candidate (b) (6) has an ERSO recommendation from “(b) (6)” listed as an American Literature Instructor with a (b) (6) address. The school’s website does not have (b) (6) listed as any instructor and on 6/13/19, I contacted the school by phone and talked a secretary who said there was no (b) (6) or any (b) (6) that teaches or recently has taught there. The candidate’s ERSO did have a recognizable high school email address and could readily be found on the school’s website. Lastly, candidate (b) (6) is a NAPS candidate whose academic performance can be measured from NAPS and it is reasonable to conclude that the ERSO has left the school.

e. Of all reviewed records, only one candidate had an updated transcript that appears not to have been evaluated by admissions and would have been relevant to the offer of admission. This candidate was Candidate (b) (6) and was qualified by the Board on 3/11/19 with fall semester, Virginia Tech grades. An updated transcript entered in AIS on 6/5/19 indicates spring semester, college grades of Calculus (C-) and Integrated Science (C+) and a Spring term GPA of 2.53 down from a Fall term GPA of 3.17.

3. **Specific comments.** The following additional specific comments correspond to the paragraphs 2.a through 2.g and paragraph 3 of reference (a):

a. Verification of school officials.

(1) Some hardcopy transcripts were missing either a date, signature, or clear indication of a seal but transcripts for all candidates reviewed had reasonable indications of their authenticity. Enclosure (1) includes comments on date, signature, seals, and admission staff annotation of all candidate transcripts.

b. Transcripts.

(1) At the time of the audit, hardcopy version of NAPS transcripts had not been placed in candidate hardcopy files. This action was in progress and is not considered unusual.

(2) Similarly, original high school transcripts of foundation records have not been transferred to this year candidate hardcopy records. Many foundation records did have copies of high school records embedded in the transcripts from the different foundation schools. This action was in progress and is not considered unusual.

(3) Candidates (b) (6) and (b) (6) are twin brother NAPS (b) (6). It is not clear why these candidate numbers are (b) (6) rather than 3(b) (6) indicating they are NAPS candidates. Additionally, neither candidate has a NAPS transcript in their AIS records (other NAPS candidates did) nor does either candidate have NAPS transcripts in their hardcopy records (no NAPS candidate did).

(4) A few records had updated hardcopy transcripts that were not reflected in AIS although these updates did not seem relevant to the offer of admission. These included candidates: (b) (6), (b) (6), and (b) (6).

(5) The following non-prep candidates did not have hardcopy transcripts in their record files: (b) (6), (b) (6), and (b) (6), but each had an electronic copy of their transcript in AIS.

(6) Candidate (b) (6) does not have a transcript for 10<sup>th</sup> grade (2016 to 2017) in AIS, but this missing transcript is in the candidate's hardcopy file. The candidate spent his 10<sup>th</sup> grade year at the (b) (6) so he could play competitive squash.

c. CRC.

(1) Candidate (b) (6) is a foundation candidate from (b) (6) and had a late alcohol related CRC event on 3/2/19 which was reported on 3/27/19 and then entered as a CRC document in AIS on 4/23/19. There is no CRC tag on this record. A board action of defer for fall grades was entered on 4/18/19 but there is no indication of CRC action in the record (no date, no initial by DCG, and no recommendation for RAB). There is no indication that the CRC was evaluated at USNA within the record.

(2) Candidate (b) (6) has a board action of EN on 10/4/18, but then has a CRC in the record dated 12/6/18 (after the board action). There is no CRC tag on the record and there is no indication of CRC action in the record (no date, no initial by DCG, and no recommendation for RAB).

d. Rescoring of application files.

(1) No issues were found with any rescoring of an application and the number of instances where rescoring was required was low.

e. College entrance examinations.

(1) No issues were found with regard to college entrance examinations.

f. Observations or abnormalities.

(1) Candidate (b) (6) has an ERSO from (b) (6), an IB Languages and Literatures Teacher at Annapolis Senior High School, with a (b) (6) email address, and a MRSO of (b) (6) listed as Math Teacher with a (b) (6) email address (clearly a mistake since this email address is within USNA admissions and the candidate later gives (b) (6) as an email address for her MRSO). Neither instructor is listed on Annapolis High School's website nor does either have a reasonable email address for Annapolis

High School. There is an AUDIT tag on this record and two other documents which are email chains between Admissions staff, the ERSO, and the candidate about the MRSO. I contacted Annapolis High School on 6/13/19 and they would not verify over the phone any information for any teacher. There is reasonable evidence that the ERSO is accurate but the only confirmation that the MRSO taught the candidate Algebra2 is the candidate's own report which could not be independently verified. Thus, the MRSO information was not able to be verified by independent means.

g. BGO interviews.

(1) Candidate (b) (6) is a football direct recruit and does contain a BGO interview dated 7/5/18 although a BGO interview is not required. It is very possible that this BGO interview may have been completed before the candidate became a football recruit although this cannot be determined by the record alone.

h. Validating recruiting through independent means.

(1) After extensive review, there were no obvious independent means, outside of the candidate's own reports, that could be used to validate sport participation for the following candidates:

(a) Candidate (b) (6) is being recruited for diving but does not appear to have any experience with diving. There is clearly a record of gymnastics and track in both the record and online, but no indication of diving. It is reasonable though to conclude that a gymnast may be recruited for diving.

(b) Candidate (b) (6) is a crew recruit on own with no record of crew in candidate's ECAs, RSOs, CPDR or found in an internet search. The candidate has an older sibling currently on the USNA crew team. The only indication of crew in the candidate's record is a mention by the BGO that the candidate wanted to compete in crew at the collegiate level. The candidate does have an extensive list of athletic achievements that are easily verifiable so it is reasonable to conclude that he may be recruited for crew.
